WORK EXPERIENCE

Quantum

Aug. 2021 – Jan. 2024

Senior Data Analyst

Quantum is a leading company in the Brazilian financial sector, offering technology solutions to corporate clients (B2B), with the aim of assisting in investment management, market analysis, and financial consulting.

- Coordinated a team specializing in analysis of structured fund and indices data;
- Developed over 100 **web scraping** programs using **RESTful APIs** and **authentication** methods (**Basic Auth**, **Cookie-Based**, **JWT**, **OAuth**, **OpenID**);
- Conducted **End-to-End testing** on team-developed functionalities, ensuring robust performance and quality;
- Designed 3 **CRUD** applications, ensuring efficient data storage, retrieval, and validation;
- **Fine-tuned LLMs** for **AI-driven** document processing, automating reading tasks previously done manually;
- Developed and optimized hundreds of **SQL** queries for rigorous data validation across databases and APIs.

Quantum

Nov. 2019 – Jul. 2021

Data Analyst Intern

- Automated routine tasks, saving 15+ hours of manual work per week;
- Migration of processes from Java, Excel or VBA to Python, streamlining operations and reducing errors;
- Development of data quality controls in SQL, improving data integrity and reliability.
